Sequoians Pack Christmas Boxes

Christmas boxes for the children of the United Nations will be packed and sent by pupils of 39 social living classes at Sequoia High School this year Miss Ann Burns, chairman at the school, announced today.

Sequoia has been asked by the Red Cross to fill 150 such boxes, and they must be completed tomorrow so the Red Cross can call for them Friday to be sent overseas.

The boxes are to be 9 x 4 x 3 inches, and may be filled with such articles as dolls, beads, small toys, games, balls, puzzles, marbles, whistles, tops, memo pads and pencils, paints, crayons, hair ribbins, soap, washcloths, toothbrushes, combs, handkerchiefs and sewing materials.

Last year 100,000 gift boxes were sent to Iceland, Greenland, China, Alaska, Britain and many of the other American Republics. British children received 50,000 of the boxes, and thank-you letters showed that soap, face cloths, and handkerchiefs were among the articles most appreciated, as they are rationed in that country.

Boxes sent this year may not be designated for special countries.

Faculty committees to assist students with extra-curricular activities during the coming year have been announced by Supt. A. C. Argo. Teachers will act as advisers for student activities as well as making policies for the school.

The curriculum committee, which will form the general policies for the school, will be headed by Superintendent Argo. The evaluation committee, which decides upon tests, books and subjects, will be headed by Dr. James Thornton, while the Citizens' Night program and public relations will be under the general supervision of Miss Louise Watkins.

Assemblies again will be under Otis M. Carrington. Donald Cherry will be chairman for the auditory and visual aids, including movies, assisted by Miss Ann Burns, from the library, and Lawrence Hatch, who will provide projection machines.

Cultural activities will be under the chairmanship of Claude van Patten and Mrs. Louise Salmon. The safety council, including the prevention of accidents in the shops and traffic on the campus, will be headed by Miss Anna Neff. Lawrence Sanderson will head stamps and bond sales. Sequoiana, or the history of Sequoia, will be taught by Donald Cherry. Miss Vera Jansen will head social activities, including dances and parties.

The student advisory council for student activities follows. General committee on student activities, through which the policy is formed, will be headed by Miss Doris Dean, dean of girls. Advisers to commissioners will be Supt. Argo, welfare; Donald Bogie, boys' activities; Miss Dean, girls' activities; Carl Underwood, finance; Miss Louise Watkins, publications and publicity; Frank Griffin, boys' athletics; Miss Lucille Winter, girls' athletics, and George Prall, cultural activities.

Freshman class advisers include Mrs. Jessie Hockinson, Alec Mortensen, Miss LaVonne Hanna, and John Dusel. Sophomore class will be under Miss Miriam Gaynor, Miss Yvonne Penez, Al Newton and Frank Winnburg. Junior class will function under the leadership of Mrs. Ulah Hearon, Norman Walsh, Mrs. Jessie Hockinson, and Miss Barbara Young. J. Edwin Spence will again work with the senior class, as will Miss Gladys Smythe and Walter Bava.

The war service committee, which will take in all war work—Red Cross, civilian defense—will be under the cochairmanship of Superintendent Argo and Miss Burns.

The boys' and girls' leagues will be supervised by Bogie, for the boys, and Miss Dean and Miss Smythe, for the girls.

Don Brown will advise the yell leaders, who take over at games and rallies, and also the annual production of the "Varieties." Miss Mary Cowden will again head the scholarship society, or CSF. Community entertainment will be under Otis Carrington's supervision.

Twin Sisters In Hospital

REDWOOD CITY — Two 4-year-old Redwood City identical twin sisters, separated for a week, were together again today, but it took an accident to bring it about.

Last week, Jocelyn Hilton, daughter of Mr. and Mrs. Floyd Hilton of 3041 Middlefield Rd., was stricken with scarlet fever and removed to Community Hospital.

Monday, Carolyn, her twin sister left alone to play, was struck by an automobile and seriously injured, when, according to California Highway Patrolmen, she dashed in front of a car on Middlefield Rd., driven by Mrs. Caroline W. Owens, 22, Menlo Park housewife. The accident occurred just 50 feet south of the Redwood City limits.

The twins were closer but not yet together, hospital attendants said, as Jocelyn is in the isolation ward, where her condition is reported satisfactory, and Carolyn is in the children's ward where she suffers a broken femur and a head injury. Her condition is only "fair."

Fox Announces Need for Typists

Clerical help is needed in government agencies throughout the nation. Hundreds of stenographers, typists, and messengers must be engaged during the next few weeks, Chester Fox, civil service secretary in Redwood City, said today.

"If you can type 35 words a minute, or take dictation at 80 words a minute, an important war job is yours with a starting salary of $146.00 a month," he said.

"Short qualifying examinations are given at first and second class post offices. Apply at the Redwood City Post Office if you are not now on a war job requiring equal skill."

COUNCIL: Mayor Suggests Fund for War Memorial

Mayor Floyd D. Granger, at a meeting of the city council Monday night, asked members to consider seriously a veterans' war memorial auditorium project for Redwood City.

Such an auditorium could be used, Granger said, not only for veterans, but as a community center for Boy Scouts, Girl Scouts, and other organizations.

According to law, Granger said, the city has the right to levy a three mill tax (30 cents on $100) for such a purpose. He estimated Redwood City, after the war, would have close to 2000 veterans.

"We've been talking about the thing for a long time," Granger said, "but we were waiting for the county to do something. If we earmark the money now we will be ready when the time comes."

Granger said the county might help out the city on the project and suggested having a plan ready by next February so the proposition could be presented to the county supervisors.

Ferris Miles, president of Redwood City Chamber of Commerce, present at the meeting, said Redwood City was badly in need of an auditorium and facilities for large dinners.

Councilman Evans Fletcher said he thought it a good idea but felt taxes now were high and the project should wait till after the war.

Many American wildfowl breed on the Arctic coast of Alaska.

Brazalian independence was proclaimed Sept. 7, 1822.

Army Captain Addresses S.C. Legion

SAN CARLOS—"A good Jap is a dead Jap," said Capt. Herman Johnson Jr., U. S. Army, speaking last evening at a meeting of the San Carlos American Legion at Laurel Hall. "We must know we have quite an enemy to confront." Captain Johnson was at Pearl Harbor when it was attacked and served in the infantry in Guadalcanal. He was invalided home last February after receiving the Order of the Purple Heart. He displayed to his audience a sword he had taken from a Jap officer.

The meeting was held for ex-service men and their wives, for whom more than 135 invitations had been sent out.

Commander Albert Knoy of the post introduced Lt. Comdr. Arthur Adams USN, home on leave, and Cpl. Russell Rogers of the U. S. Army, a veteran of this war who is now making his home in San Carlos with his family and recently joined the Legion. He served with Captain Johnson at Pearl Harbor and in the South Pacific and was also very badly wounded. He holds the Order of the Purple Heart and Silver Star.

Acting as hostesses for the evening were the members of the San Carlos Legion Auxiliary.

Redwood City Man Faces Driving Charge

James Samuel Hogue, 75, 420 Cedar St., was in the county jail today, booked on charges of drunkeness and investigation of drunk driving after the car he was driving crashed into an electrolier on the northeast corner of Middlefield Rd. and Main St. intersection this week.

Hogue was treated by a physician at the police station for cuts and bruises.

Give him the Brush-off!

NOW IS THE TIME TO RID YOUR GAS HEATING EQUIPMENT OF DUST AND DIRT
For clean efficient heat this winter give fuzzy-wuzzy dust a good brush-off in your gas heating equipment.
Dirt and fuzzy lint is drawn along the floor by air circulation into your floor furnace pit or the cold air returns of your central furnace. Remove floor grills and clean out this dust with brush and dustpan or use a vacuum cleaner attachment. If you have a forced-air furnace, oil the fan shaft and motor. Check the fan belt and see that it is not too loose. Replace your old filter pads if they are clogged with dust. Do this and you will get more heat for less gas usage. New filter pads are available without priority.
Then, of course, be sure to have authorized gas heating repair dealer check up on your gas heating equipment at the first sign of trouble. Keep healthfully warm this winter but do not waste gas fuel.

Bond Sales Total $825,547.75

The total sales of bonds in Redwood City from Sept. 1 to Oct. 16, plus allocations, amounted to $825,547.75, it was announced today by Martin J. Flynn, chairman of the war finance committee for Redwood City.

Goal for the Third War Loan drive here was $1,175,000. Bond sales totaled $583,434.75, and allocations $242,113. Total sales of series E bonds were $354,861.75; series F, $20,273; series G, $85,800; 2 per cent bonds, $30,000; 2½ per cent bonds, $4000; ⅞ per cent, $60,000, and series C, $28,500.

HOUSING: Here Are Samples of Serious Situation

BY JACK BARRETT

Several days ago, the Tribune, in an effort to give the public a more realistic picture of the housing shortage in Redwood City, stated it would print individual cases of people who have unsuccessfully tried to rent a home. Here are a few of the cases reported since then:

An employe of the National Motor Bearing Co., after months of house hunting, quit his job and left with his family for the Middle West. The man, his wife and a small child had been forced to live in a trailer camp during their entire stay here.

In two cases brought to our attention in the last week, families were maintaining two residences. In both cases the husband worked near here, living with a friend or in a room. The wife with her children, in one case, lived in Seattle. In the other case the remainder of the family lived in Los Angeles.

A five or six months' search for a house is not unusual according to real estate operators. One family who looked for a place to rent for six months was able to solve their problem by buying a house.

Others are not so fortunate. Real estate operators confess that instead of listing places for sale as before, they must hunt, themselves, for listings.

The usual scramble for an advertised house for rent was typified in a situation yesterday. Would-be renters were asked to call at the residence after 6 p.m., that being the time when the husband came home from work. By 5:30 p.m., the living room was full. Waiting clients' cars lined the curb on both sides of the street for half a block and fresh arrivals drove up at minute intervals.

Two Injured In Auto Accident

Two persons were injured in an automobile accident at Second Ave. and Middlefield Rd. early Tuesday morning when the automobile in which they were riding skidded around a corner and overturned, the California Highway Patrol reported today.

The two, John Oranchank, 33, and his wife, Evelyn, 2780 Westmoreland, were treated at Palo Alto Hospital and released.

ELECTION: Association Names New List of Directors

Members of the Highlands District Improvement Assn. re-elected six directors and elected four new ones at the annual meeting of the group Monday night.

Re-elected were A. J. Bullerdieck, W. A. Ebner, Guy M. Farwell, William P. Kielty, Joseph G. Morrow and Richard tum Suden. All will serve two year terms. Also elected were Stanley Perkins, J. L. Human and William Harper for two year terms and E. F. Chittenden for one year to fill a vacancy left by the death of A. D. McBryde.

The association voted recognition to County Engineer M. A. Grant, Bldg. Insptr. Al Russell and City Mgr. Robert W. Mead for co-operation during the past year and to Assn. Pres. E. Hoffman Price for his work under war time stress.

Although the pile of scrap which had accumulated on Jefferson Ave. has been removed, members of the association learned that some persons were ignoring instructions not to leave further materials there.

The group voted to contact the Kensington Square organization for co-operation in preventing a renewal of the situation.

Referred to a committee to be appointed later by the president were a proposal for a future community center and one for suggested changes in the constitution and by-laws.

In early childhood Daniel Webster first studied the Constitution—as printed on a cotton handkerchief.

Five-and-ten-cent stores in Colombia, South America, are enjoying boom business, the Department of Commerce reports.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Redwood City Council Approves Bus Repayment Arrangement

After hanging fire and reappearing regularly on the agenda of the Redwood City City Council for several months, the repayment arrangement of an $1800 obligation of R. F. Martin, bus line owner, to the city appeared today to be settled.

The council, at a meeting Monday night accepted Martin's promissory note for $1800 and approved repayment in monthly $50 installments, part of the installment being accepted as 4 per cent interest charge and the rest as payment on the principal.

Final arrangements were worked out by Councilman Chester Armstrong, chairman of a committee appointed by the council and Harry Encell, attorney for Martin.

Recommendations made by the Citizen's Traffic Study Committee charging parking rules on several city streets were accepted, with a few modifications, at last night's meeting. Under the new regulations two-hour, instead of one-hour parking will be allowed on both sides of Middlefield Rd. between Jefferson and Theater Sts.

Parking will be unlimited in time on Middlefield Rd. beside the Central School property. On the north side of Marshall St., between Winslow and Hamilton, parking time is unlimited. One hour parking only, however, will be permitted on the north side of Marshall between Hamilton and Middlefield. Most of the changes in parking regulations were made for the benefit of those who had business at the county courthouse.

The council also concurred in the recommendation of the committee that when diagonal parking lines on Jefferson Ave. near the post office are repainted, the angle of the lines with the curb be made sharper.

A committee recommendation that parking on the west side of Arguello between Marshall and Brewster be diagonal, instead of parallel, was tabled.

At the request of Atty. Wayne Millington, representing Olive Koemple, the council agreed to postpone action on abatement proceedings on the Koemple property at 429 Howland St. for two weeks.

Fred Carbine, civilian defense fire district captain, warned of danger in the practice of allowing theater patrons to stand in the aisles while waiting for seats. Carbine said the center aisle of a theater he attended recently was jammed half way to the stage. In a fire or panic, the dangers would be multiplied, he said. The matter was referred to Fire Chief Mark E. Ryan.

An application from Cal E. Bunyard to build a trailer camp on Woodside Rd., near Gordon St., was referred to the health department.

A check from the Metal Termit Corp. for $14.96, payment for tin can collected during the month of September, was turned over to the war council.

Appointments Delayed By Peterson

County Executive Frederick Peterson Wednesday declared he had more important business "to worry me right now than the recreation commission."

His statement was in response to the San Mateo County Board of Supervisors' request yesterday that he appoint seven members to the county recreation commission rather than the usual five. The board refused to ratify the five names Peterson had submitted for its approval, with the charge that it was not a representative group.

"The present commission has functioned very well," Peterson said. "No appointments will be made at present."

Meantime, Peterson said he had received a communication from the State Department of Public Health declaring it would be glad to assist in solving the hog ranch problem in San Mateo County. Peterson made the request to the state department last week.

Peterson also said he had received a report on Monday night's health board meeting but that the letter contained no more information than was released by the board to the Tribune yesterday.

City Representatives Attend State Meeting

Eleven representatives from Redwood City left Tuesday to attend a meeting of the California League of Municipalities held in Sacramento Tuesday, Wednesday and yesterday.

In the group were Councilmen Carl Britschgi, Evans Fletcher, George McNulty, Harold Anderson, Walter Hilton, Mayor Floyd D. Granger, City Mgr. Robert Mead, City Clerk Ralph S. Dodge Bldg. Inspt. Laurie Duncan, Fire Chief Mark E. Ryan and City Atty. Paul McCarthy.

Problems in city government will be discussed at the meeting.

Address Fails To Aid Draft Board

Found: A man who can defy a draft board and get away with it.

George F. Paul, chief clerk of Redwood City-San Carlos - Belmont Selective Service Board 106, received a letter Monday from a Phoenix, Ariz., draft board asking him to notify Norman Clyde Lehnert, who had given the draft board the address of 715 Middlefield Rd., Redwood City, to report for induction into the army on Oct. 26.

Paul went to the Middlefield Rd. address—which is the San Mateo County Jail—and discovered that Lehnert was scheduled to leave Monday afternoon for San Quentin to serve a term of from 1 to 14 years for second degree burglary.

Lehnert, 35, a two-time loser, was sentenced to San Quentin last Thursday by Superior Court Judge Maxwell McNutt after he pleaded guilty to burglarizing the home of Mr. and Mrs. Willis Winter, 261 Portola Dr., San Mateo, on Aug. 24.

Paul sent the Phoenix draft board a terse note stating that Lehnert would not report for induction into the army.

J-M Smokestack
By Jim Asbestos

SHE COVERED HERSELF WITH GLORY

The cover girl on the current J-M employee magazine is Martha Johnson of the Atlanta Johns-Manville office, who has pledged herself to buy four $25 bonds per month.

ENCORE "E" FOR J-M ORDNANCE PLANT

The army-navy "E" has been "E"-warded for the second time to the Kansas Ordnance Plant which Johns-Manville operates for the government.

This is for "meritorious services on the production front," and is given for only six months at a time, and is then either awarded again or withdrawn.

COLLEGE SCHOLARSHIPS FOR 30 FUTURE J-EMMAS

Here's something mighty unusual that Johns-Manville is doing for 30 girl employees who won't really be employees until four years from now.

J-M is starting these 30 girls on a four years' course of combined college and business training at Lake Forest College in Illinois. The girls will take a regular college course, and in addition, have the opportunity to get business experience in nearby J-M plant and sales offices on two days a week and during vacations.

On graduation they will fit easily into jobs in J-M where responsibility and personal ability go hand in hand.

High schools in 21 localities near J-M plants were asked to recommend exceptional graduates.

AND ACCIDENT AVOIDANCE IS NOT ACCIDENTAL!

Accident frequency in J-M plants during the first half of this year was just half the estimated national average. The Alexandria, Indiana, plant got through this period without a single lost-time accident.

MONEY IN THE COOKIE-JAR MEANS FUTURE JOBS

All companies are going to have plans ready to employ as many workers as possible, after the war. To do this, a company like J-M, for example, will have to spend millions to develop new products and new markets and buy new equipment. Thus the future security of thousands depends on the company maintaining a sound financial position.

LITTLE JOURNEYS TO J-M PLANTS

Marrero, Louisiana, has put acres and acres of roofs on army barracks, base depots and emergency war housing projects. This J-M plant makes shingles and other building products, and it has helped in many ways to prevent bottleneck pains in the great building program in the Southland.

LAST MONTH, in one of these columns, I talked about the way youngsters like to put up their own school lunches. And, to tell the truth, I was amazed at the number of readers—both young and old—who wrote me afterward. Almost everyone was quick to point out that the younger generation not only likes to pack lunches, but also gets real satisfaction from various kinds of practical cooking.

More than one reader added this very timely thought: nowadays, when so many mothers are busy with war work, it's a real family help when the children take an active part in making the kitchen run smoothly. It gives *them* the feeling of "doing something" important, too.

I've found through my own experience that youngsters make creditable cooks provided they're not hurried and provided they start out on things they really like. For example, boys can handle this one enthusiastically and skilfully, right off the bat:

WAFFLES AND PANCAKES

2 cups enriched flour
2 tsps. baking powder
2 tbsps. sugar
½ tsp. salt
2 eggs
1½ cups milk
4 tbsps. melted shortening

Sift flour, measure; sift again with baking powder, sugar and salt. Beat eggs in large bowl with rotary beater; add milk and shortening; beat until well mixed. Add flour mixture and beat with rotary beater until smooth.

For Waffles: Bake in hot waffle iron about five minutes or until no more "steam" escapes and waffles are a golden brown. Do not "peek" while baking. Makes six 6-inch waffles.

For Pancakes: Drop batter by tablespoonfuls on hot, slightly greased griddles. Turn cakes when bubbles break. Bake until golden brown. Makes 10 to 12 medium-sized pancakes (4 inches in diameter).

(NOTE: For the pancake recipe, eggs may be reduced to one and shortening to two tablespoonfuls).

And these are a "natural" for girls to start out on:

BONNIE DEE COOKIES

2 cups enriched flour
½ tsp. soda
1 tsp. baking powder
½ tsp. salt
2 cups quick oats
1 cup seedless raisins
1 cup coarsely chopped nutmeats
¾ cup shortening
1 cup brown sugar
2 eggs
⅓ cup milk

Sift flour, measure and sift with dry ingredients; add oats, raisins and nutmeats. Cream shortening with sugar; add well-beaten eggs and milk; combine with flour mixture. Drop by teaspoonfuls on greased cookie sheet. Bake in moderate oven (375° F.) 12 to 15 min. Makes 6 dozen.

NO MORE BLUES ON TUES.!

HURRY JOAN - I CAN'T TALK LONG - I'VE A GROCERY LIST A MILE LONG AND I HAVE TO WALK - MAYBE TWO TRIPS.
WHAT!? YOU WAIT FOR US!
YOU GIRLS AREN'T VERY PATRIOTIC ABOUT SAVING TIRES.
NOT PATRIOTIC! WE ARE SO!
THAT'S WHY WE WANT YOU TO JOIN US. THEN WE'LL HAVE FIVE IN OUR SHOPPING CLUB... AND WE CAN TAKE TURNS DRIVING TO SAFEWAY. WE WILL SAVE TIRES, GAS, AND MONEY!
WHAT IN HECK MAKES YOU SO PEPPY TONIGHT? TUESDAY, ISN'T IT? I THOUGHT SHOPPING MADE YOU FEEL ALL IN?
NOT NOW, HONEY! I DRIVE TO SAFEWAY BUT ONLY USE ONE-FIFTH THE GAS THAT I DID BEFORE. IT'S OUR NEW SHOPPING CLUB! WHAT AN IDEA. LISTEN...

Why Don't You Form Your Own Shopping Club

Just get four of your neighbors to join you in taking turns driving to the store. It's a cooperative, helpful idea that multiplied by millions will go a long way toward keeping our cars rolling for the duration.
